

BRAATI's Battle of the Rock Bands

In recognition of February's Heart month, the Blind River Advocates Against the Tobacco Industry (BRAATI) held a Rock Band Competition at the Royal Canadian Legion on Feb 13th 2009 as part of our community winter festival. It was a fun-filled evening of Rock band with teams competing for prizes while also learning more about BRAATI and heart health. Everyone had fun and hoped to attend another in the future!
