INDEPENDENT AUDITORS' REPORT

To the Board of the Health for the District of Algoma Health Unit

We have audited the accompanying financial statements of Algoma Public Health, which comprise the statement of financial position as December 31, 2016, the statements of operations and accumulated surplus, change in net debt and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Algoma Public Health as at December 31, 2016, and its results of operations, its change in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Financial Statements

Year ended December 31, 2016

The Board of Health for the District of Algoma operating as Algoma Public Health (the "Board") is governed by a public health board as mandated by the Health Protection and Promotion Act for the purpose of promoting and protecting public health.

1. Significant accounting policies:

The financial statements are prepared in accordance with the Canadian generally accepted accounting principles for government organizations as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the Board are as follows:

(a) Basis of accounting:

Revenue and expenses are reported on the accrual basis of accounting.

The accrual basis of accounting recognizes revenue as they are earned and measurable. Expenses are recognized as they are incurred and measureable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Revenue recognition:

The operations of the Board are funded by the Province of Ontario, levies to participating municipalities and user fees. Funding amounts not received at year end are recorded as receivable. Funding amounts in excess of actual expenditures incurred during the year are repayable and are reflected as liabilities.

Certain programs of the Board operate on a March 31 fiscal year. Revenues received in excess of expenditures incurred at December 31 are deferred on the statement of financial position until related expenditures are incurred or upon final settlement.

(c) Prior years' funding adjustments:

The Ministry of Health and Long-Term Care undertakes financial reviews of the Board's operations from time to time, based on the Board's submissions of annual settlement forms. Adjustments to the financial statements, if any, a result of these reviews are accounted for in the period when notification is received from the Ministry.

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(d) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(e) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight-line basis over the following number of years:

Asset	Years
Building Leasehold improvements Furniture and equipment Vehicle Computer equipment	40 10 10 4 3

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(f) Employee future benefit obligations:

The Board sponsors a defined benefit life and health care plan for all employees who retire from active service with an unreduced OMERS pension. The Board accrues its obligations under the defined benefit plan as the employees render the services necessary to earn these retirement benefits. The cost of future benefits earned by employees is actuarially determined using the projected benefit method prorated on service and incorporates management's best estimates with respect to mortality and termination rates, retirement age and expected inflation rate with respect to employee benefit costs.

Actuarial gains (losses) on the accrued benefit obligation arise from the differences between actual and expected experience and from changes in the actuarial assumptions used to determine the accrued benefit obligation.

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(g) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant items subject to estimates and assumptions include the carrying amount of tangible capital assets, valuation allowances for accounts receivables and obligations related to employee future benefits. Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

2. Participating municipalities:

The participating municipalities are as follows:

City of Sault Ste. Marie

City of Elliot Lake

Town of Blind River

Town of Bruce Mines

Town of Thessalon

Township of Spanish

Municipality of Wawa

Municipality of Huron Shores

Village of Hilton Beach

Township of Hornepayne

Certain unincorporated areas in the District of Algoma

Notes to Financial Statements (continued)

Year ended December 31, 2016

3. Deferred revenue:

The Board operates several additional programs funded by the Ministry of Health and Long-Term Care. Excess funding received for these programs or programs funded for a program year which differs from the Health Unit's fiscal year is deferred in the accounts until the related costs and final settlements are determined.

A summary of the year's activity relating to those programs is as follows:

	2016	2015
Deferred revenue, beginning of year	\$ 664,639	\$ 555,359
Funds received during the year Expenses incurred in the year	101,663 (271,438)	114,798 (5,518)
Deferred revenue, end of year	\$ 494,864	\$ 664,639

4. Employee future benefits:

(a) Pension agreements:

The Board makes contributions to the Ontario Municipal Employees Retirement Fund ("OMERS"), which is a multi-employer plan, on behalf of 186 (2015 - 182) members of its staff. The plan is a multi-employer, defined-benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. The multi-employer plan is valued on a current market basis for all plan assets.

The Board's contributions to OMERS equal those made by the employees. The amount contributed was \$1,160,876 (2015 - \$1,165,825) for current service and is included as an expenses on the Statement of Operations and Accumulated Surplus. No pension liability for this type of plan is included in the Board's financial statements.

(b) Employee future benefit obligations:

Employee future benefit obligations are future liabilities of the Board to its employees and retirees for benefits earned but not taken as at December 31, 2016. The liabilities will be recovered from future revenues and consist of the following:

	2016	2015
Post-retirement benefits (i)	\$ 1,118,112	\$ 1,094,044
Non-vested sick leave (ii)	277,018	250,530
Accrued vacation pay (iii)	1,155,328	1,109,386
	\$ 2,550,458	\$ 2,453,960

Notes to Financial Statements (continued)

Year ended December 31, 2016

4. Employee future benefits (continued):

(i) Post-retirement benefits:

The post-retirement benefit liability is based on an actuarial valuation performed by the Board's actuaries. The date of the most recent actuarial valuation of the post-retirement benefit plan is December 31, 2016. The significant actuarial assumptions adopted in estimating the Board's liability are as follows:

Discount Rate
Health Care Trend Rate
4.5% to 8%

Information about the Board's future obligations with respect to these costs is as follows:

	2016	2015
Accrued benefit obligations, beginning of year	\$ 1,094,044	\$ 1,060,321
Current service cost Interest cost Benefits paid Amortization of actuarial gains	53,890 36,554 (54,221) (12,155)	56,867 31,289 (30,006) (24,427)
Accrued benefit obligations, end of year	\$ 1,118,112	\$ 1,094,044

(ii) Non-vested sick leave:

Accumulated sick leave credits refers to the balance of unused sick leave credits which accrue to employees each month. Unused sick days are banked and may be used in the future if sick leave is beyond their yearly entitlement. No cash payments are made for unused sick time upon leaving the Board's employment.

(iii) Accrued vacation pay:

Accrued vacation pay represents the liability for vacation entitlements earned by employees but not taken as at December 31.

2019	363,339
2020	370,488
2021	4,464,254

Term loan #1 is a non-revolving loan bearing interest of 1.95%. The loan is repayable in blended monthly interest and principal payments of \$36,164 and matures on September 1, 2021.

Term loan #2 bears interest of 1.95%. The loan is repayable in monthly interest and principal payments of \$2,244. The loan is due on September 1, 2021.

Interest paid in the year is \$156,036 (2015 - \$171,550).

9. Contingencies:

The Board is periodically subject to claims or grievances. In the opinion of management, the ultimate resolution of any current claims or grievances would not have a material effect on the financial position (or results of operations) of the Board and any claims would not exceed the current insurance coverage. Accordingly, no provisions for losses has been reflected in the accounts of the Board for these amounts.

Notes to Financial Statements (continued)
