

## INSTRUCTIONS FROM THE MEDICAL OFFICER OF HEALTH

**DATE: November 15, 2021 EFFECTIVE: November 17, 2021 at 12:01 a.m.**

**\*\*These instructions are hereby amended at pages 3, 13, 14 and 15, effective November 19, 2021 at 12:01 a.m.<sup>1</sup>**

**TO: Persons responsible for a business or organization that is open in the Municipality of Sault Ste Marie<sup>2</sup>**

In response to rapidly rising COVID-19 case counts in Sault Ste Marie, and in consultation with Ontario's Chief Medical Officer of Health, I have determined that it is necessary to take further and immediate action to limit the spread of COVID-19, protect our community's health, and protect our health system within the areas served by Algoma Public Health.

The provincial *Plan to Safely Reopen Ontario* requires local public health to monitor trends and to put in place additional protections as warranted.

Sault Ste Marie is experiencing a surge in people testing positive for COVID-19. Further loosening of provincial protections, increased number and frequency of close contact interactions between people, colder temperatures driving people indoors, and the continued presence of the Delta variant have contributed to record case counts for the city. Over the past week, COVID-19 activity in Algoma has surged dramatically to the highest levels the district has seen since the beginning of the pandemic. With 155 active cases and 14 hospitalizations as of November 14, Algoma's rate of new cases in a 7-day period has exceeded 120 per 100,000.

To date, the surge has been primarily located in Sault Ste Marie with over 85% of cases in the past 7 days occurring within the city. Transmission is occurring throughout the community in workplaces, schools, sport and recreational settings, health care settings, and within vulnerable populations. Since no single setting or sector is driving the increase, broad measures are required to reduce the number of contacts people have with one another.

Cases are rising rapidly in Sault Ste Marie when compared to the rest of the province. This has potential to worsen as temperatures drop further and more activity moves inside. Action taken now will be crucial to reduce risk to the community and avoid the need for more even more restrictive pandemic control measures during the holiday season.

## Instructions from the Medical Officer of Health

November 15, 2021

My instructions set out below:

- 1) Reinforce the critical importance of public health measures to prevent COVID-19 transmission. (PART A)
- 2) Temporarily reinstate recent provincial changes lifting capacity limits and physical distancing requirements in the Step 3 Rules. (PART B)
- 3) Strengthen masking requirements at organized public events. (PART C)

I am implementing these protections, effective Wednesday, November 17, 2021, at 12:01 a.m., to interrupt chains of transmission within our community. This will also hopefully protect local businesses and workers by avoiding any need for more drastic measures.

I issue these instructions with strong support from Ontario's Chief Medical Officer of Health, Dr. Kieran Moore, who recognizes the need for urgent and exceptional public health measures to protect all those who reside and are otherwise present in Sault Ste Marie, in the remaining areas served by Algoma Public Health, and across the province.

Ontario's *Reopening Ontario (A Flexible Response to COVID-19) Act, 2020 (ROA)* and *Emergency Management and Civil Protection Act (EMCPA)* require all persons responsible for a business or organization that is open to operate in compliance with the instructions of public health officials. That includes these instructions issued by me, rendered **mandatory** by sections 2(2) and (2.1), Schedules 1 and 4 of O. Reg. 364/20 as amended (**Step 3 Rules**), issued under the ROA.

These instructions will be enforced by public health officials and by provincial offences officers under one or more of the *Health Protection and Promotion Act* (sections 100, 101 and 102), ROA (sections 9, 9.1, 10 and 10.1) and/or EMCPA (sections 7.0.5 and 7.0.11). **Failure to comply with these instructions is an offence.** Among the enforcement actions that may be taken, you may be charged, and penalties imposed including significant fines, imprisonment and/or closure of premises.

A failure to comply with regulations issued under the ROA is an offence punishable by set fines of \$750 for individuals and \$1,000 for corporations under Part I of the *Provincial Offences Act (POA)*. Maximum penalties for this offence if prosecuted under Part III of the POA include: for individuals, a fine of up to \$100,000 and imprisonment for not more than one year; for an individual who is an officer or director of a corporation, a fine of up to \$500,000 and imprisonment for not more than one year; and for a corporation, a fine of up to \$10,000,000. A person is guilty of a separate offence on each day that the offence occurs or continues.

APH will closely monitor indicators of COVID-19 transmission, and local public health and health care capacity to determine how long these instructions will remain in place and what next steps are required. At this time, it is reasonable to expect that this letter of instruction will remain in effect for a minimum of 28 days. In consultation with the Office of the Chief Medical Officer of Health and local stakeholders, I will monitor local, regional and provincial developments closely, and accordingly amend these instructions where required, and rescind them as soon as I determine they are no longer necessary.

**These instructions remain in effect until amended or rescinded by me.**

**PLEASE FOLLOW ALL INSTRUCTIONS CLOSELY**
