By submitting this order on Wednesday by 4:30pm, I verify on behalf of the practice the following:

- Refrigerators have maintained temperatures between +2°C to +8°C and temperatures are documented twice daily
- Four weeks of temperature logs are attached
- All temperature excursions outside of +2°C to +8°C (if applicable) have been reported and recommendations regarding usage of the affected vaccines have been implemented by the practice
- A contingency plan is in place should a power outage and/or cold chain incident occur, including vaccine coolers and extra temperature monitoring devices
- Pick up are Fridays between 9am-12pm & 1pm-4pm
